# Sandy and the Risks of Climate Change

## 2 Monitor critical infrastructure systems that are linked and regional

# Sandy and the Risks of Climate Change

## 3 Inform, support and connect communities

The image shows a screenshot of the Red Hook Initiative website. At the top left is the Red Hook Initiative logo, which consists of a stylized building icon and the text "RED HOOK INITIATIVE". To the right of the logo is a red "DONATE" button. Below the logo is a navigation menu with links for "HOME", "ABOUT US", "PROGRAMS", "TASTE OF RED HOOK 2014", "HURRICANE SANDY", "500 FUTURES", and "BLOG". The main content area features a large blue banner with the text "WE ARE THE CHANGE." above a photograph of several people working at computers in a community center. Below the banner is a dark red section titled "JEWISH COMMUNITY COUNCIL OF GREATER CONEY ISLAND" with the subtitle "A Community-Based Organization with a Citywide Impact". This section contains four service categories, each with a small image: "Senior Services" (two elderly women), "Vocational Services" (a man speaking to a group), "Educational Services" (a group of people at a table), and "Nonprofit Capacity Building" (three people looking at a laptop). To the left of this section is a blue box titled "MISSION STATEMENT" with the text "RHI believes that social change to overcome".
